

Teacher's Rating Scale of Child's Actual Competence

Teacher -

Child's name 1405 (1-4) Class/grade/group _____ Rater _____ (optional)

ID# (5-7)

For each pupil, please indicate what you feel to be the child's actual competence on each question, in your opinion. First decide which kind of pupil or "kid" he or she is like, the one described on the left or right, and then indicate whether this is just sort of true or really true for that individual. Thus, for each item, check one of four boxes. If you feel you cannot make a judgment or choose not to, then simply leave that item blank. Note that these items parallel those which the children themselves rated. (If you wish to comment on particular items, or qualify your judgment, feel free to write in any comments or reactions.)
