Head Start Impact Study (HSIS), 2002-2006 [United States]

United States Department of Health and Human Services. Administration for Children and Families. Office of Planning, Research and Evaluation
Spring 2005 Parent Interview Data Codebook

About *Research Connections*

These data are made available by the Child Care and Early Education *Research Connections* project. *Research Connections* promotes high quality research in child care and early education and the use of that research in policymaking.

Research Connections is operated by the National Center for Children in Poverty at the Mailman School of Public Health, Columbia University and the Inter-university Consortium for Political and Social Research at the Institute for Social Research, University of Michigan, through a cooperative agreement with the Child Care Bureau, Office of Family Assistance and the Office of Planning, Research, and Evaluation, Administration for Children and Families in the U.S. Department of Health and Human Services.

Name: D_FOCARR

Label: FOCAL ARRANGEMENT

Number: 465

Type: Numeric

Width: 1

Decimals: 0

Location: 611

Explanation

Information was obtained from spring parent interviews to identify a
focal child care setting for each study child. The focal setting is
defined as the child care setting where the child spent a minimum of
5 hours between the hours of 8 a.m. and 6 p.m. Monday through Friday.

Extensive reconciliation with other instruments (teacher survey,
other care provider interview, and TCR) and data cleaning was
required to create this variable. Details are not included due to
risk of identification. This variable was mainly derived from parent
responses to P3ENROL, P3CARSET, and P3RESPNS in the

Spring 2005 Parent Interview.
